

# ★ EXPOSURE CARDS ★

Exposure is everything when selling memberships or building a successful team! We are excited to announce a NEW exposure tool that allows you to make exposures simply by handing out a card. These new exposure cards are better than business cards because they drive your prospect to a third party website tool or sizzle call that virtually does the work for you! There is no limit to the number of cards you can hand out in a day! The more you hand out—the more money you can earn! All cards are full color with a link to your personal exposure website. The back of the cards contain your name, phone number and email address. Order your cards today and substantially increase your exposures!
